

110 ft Supply Vessel - Built 1980

PRODUCT DESCRIPTION

Vessel is 110ft x 28ft.

Has 2 x Cummins KTA19 Main Engines.

Has 4 gensets.

Two downstairs and 2 upstairs.

There is a electrical issue with the steering which owner was in the process of fixing but left for home and hasn't gone back to fix. The parts to repair have already been purchased.

If they can get their asking price, will come and fix the steering.
