Dimensions: 56' x 15'

Draft: 5'

USA Flag

Engines: Tier 3- 6135 John Deere engines

Total HP: 1000 hp

Kort Nozzles and Flanking Rudders

Face wires: 7/8X75'

Gross tonnage: 30

Active COI. February 2026, just completed an 18 month straight project.

The boat was drydocked for approximately a decade. It is reported they basically rebuilt the entire tug, put the nozzles on, etc. and used it as a filler project for their yard team. Reported to be in excellent condition.
