

41 Ft. Model Bow Tug - Built 1984 - Single Screw

PRODUCT DESCRIPTION

Freshwater Tug
Draft - 6'

Capacity:
Fuel - 1800 gallons

Clean, dependable unit that has worked great in smaller projects with closer working quarters.

With some spring fit-out and clean up, she's ready to go. Engine is original from Tampa Shipyards, has about 5,500 hours and re-conditioned the Allison MH-45 gear in 1996 (new clutch pack, hydraulic pump & valves, internal bearings, thrust bearing & all gaskets).

Needs new prop - As current prop was cut by a thief trying to steal it.
