Categories: [Fishing Vessels](#)

Engine Manufacturer/Brand CAT

Engine Model 3508

Condition Used

Additional Information Originally a government vessel. Owner has ran for about 2K hours since ownership. Configured for cargo, but would make a good exploration, dive or towing vessel. Being sold, because vessel is too large for the owner and his purposes. Last drydock was 2018/2019 - due for another. Owner willing to negotiate training, servicing etc.
