Bucyrus Erie 30B HD series two crawler lattice boom crane

PRODUCT DESCRIPTION

started and ran regularly

10ft 11in wide across the tracks
18ft 6in from front of the tracks to the end of the counterweight
11ft 3in height of the body
20ft heel section of the boom

40ft angle iron boom, it is angle iron on both the lacings and the chords so it is stronger than many out there!
The 40ft section of boom is not attached.

It can crawl right onto a truck.
