# Commodore Regal 402

---

## PRODUCT DESCRIPTION

The Commodore Regal 402 (Variances to Luxury Class)

41' Bow to Stern

454 7.4L Mercruiser Inboards (1420-1510hrs well maintained and upgraded fall 2024)

Fiberglass/vinyl and laminates - versus - full full luxury outfitting.

(ie., teak, louvered doors, granite countertops, leather and nautical embossed table)

In a survey of other offerings in the market (and I've seen some gnarly examples) there appears to be an average upward variance of \$18K over the standard model for the same make/model/year.

Nearly of the upgrades were done last season and we splashed on schedule on August 31st.

## Exterior Enhancements

- FullBimini - Full Coverage Top via SeaMarine™
- Anti-flutter canvas w crossweave top.
- New StrataGlass™ w VueSheild™, (w protectant and UV)

If the new owner is inclined to use it, there is a backwards compatible analog bridge to tie into the radar tower by Garmin™ and the Garmin™ GPS puck underneath the steps. Navigation is now better on a display on an iPad. Displays are faster, cheaper, better, more accurate, full color...and there are at least eight (8) open source (free nautical mapping) for location, depth, and other references.

**Categories:** [Fishing Vessels](#), [Marine Equipment & Parts](#)
