

DECK CRANE - UMOG 22-3-60

PRODUCT DESCRIPTION

Categories: [Cranes](#)

Additional Information HYDRAULIC DRIVEN DECK CRANE The cranes are fully functional and just removed from the vessel. Main vessel was a spill response vessel and was only used in service during a spill. 2012 the vessel was drydocked for inspection and repairs. The vessel was then tied up in idle status. In 2018 the vessel was sold for conversion to a new group. All the equipment being removed from vessel has very low hours of use.
