

Detroit 60 Series 14L High Hour RTO

PRODUCT DESCRIPTION

Approximately 30,000 hours. Running take out.

Originally used in a whale watching boat, and then later used in a canal cruiser. For the ten years it was in the canal cruiser, it was run on low rpm.

Complete - been sitting since 2020.

Engine is the last of a set of four. The remaining engine does not have a data plate, the existing data plate photo is from another engine that was in that set.
