

Dragline Fairlead

PRODUCT DESCRIPTION

Dragline Fairlead

20" diameter sheaves, grooved for 1.5" wire

2 rollers are 24" x 5"

2 top and bottom rollers are 4" x 4"

The throat has a little wear but not much. The rollers are free and not worn out. It's most likely from a Bucyrus or a Northwest.

Perfect for Dredging and mining or it can be adapted for marine use.
