

JEMAR GW 11000 MANUAL WINCH (NEW)

PRODUCT DESCRIPTION

JEMAR GW 11000 MANUAL WINCH (NEW)

Jemmar GW 11000 manual crank winch for overhead loads, pulling, securing.

Automatic Brake responds automatically when the handle is released.

Two-Speed for ease in lifting heavy loads. Needle roller bearings and brushes to minimize friction.

This ensures a minimum cranking effort, smooth running and an increase in winch lift capacity.

Line pull:

11,000lbs

Uses 3/4" wire rope (not incl.)

Weight: 258 lbs.
