

23' Maritime Partner Alusafe FRC Center Console Workboat

PRODUCT DESCRIPTION

Maritime Partner Alusafe FRC Center Console Workboat

Tags: As-Is, Repower Hull

Status: "As-Is" / Non-Runner (Hurricane Flooded)

Asset Class: Marine Vessels / Fast Rescue Craft

Equipment Type: Open center-console Fast Rescue Craft (FRC).

Hull Construction: Heavy-duty marine aluminum with a specialized rigid foam/PVC D-collar fender.

Features a structural aluminum T-top arch.

Propulsion: Yanmar inboard marine diesel (currently flooded/inoperable) mated to a commercial waterjet drive.

Application: SOLAS-approved Fast Rescue Craft (FRC) or heavy-duty offshore workboat blank canvas.

Mechanical: The vessel was submerged.

The Yanmar inboard diesel, steering hydraulics, and all electrical harnesses/helm electronics are a total loss and must be stripped.

The waterjet pump is physically intact but will require a complete teardown, bearing replacement, and fresh seals before mating to a new engine.
