## Pair 4LHA-DTZE 190HP

---

---

### PRODUCT DESCRIPTION

1155 original hrs. Both run great. The motors ran great when they were in the boat. One of the Bravo 3 outdrives went out and with the age of the other one the decision was made to replace them with outboard motors. The motors can be used with the outdrives or shaft driven configuration. Includes all the control panels, cable sets and harnesses. Price is for the pair.

**Categories:** [Marine Engines](#)

**Engine Model** 4LHA-DTZE
