Pair CAT 3606 Marine Engines - Low Hours

PRODUCT DESCRIPTION

Removed in 2020 from an Offshore Supply Vessel.

Pulled from a vessel that was purchased and scrapped.

ABS units

Manufactured March 1991.

Serial Prefix: 8RB

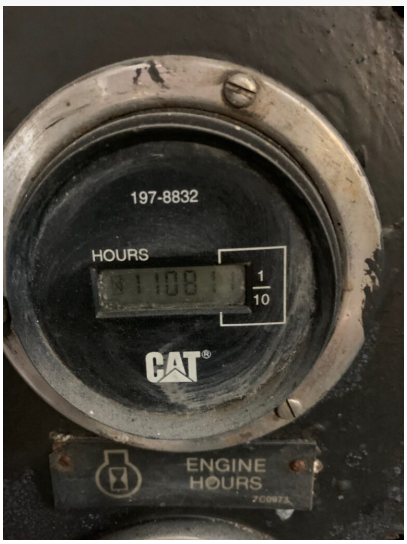

From CAT: one unit is standard rotation and the other is reverse rotation.

Low hours since last overhaul. Ran without issue prior to pulling.

Will not split.

One bars over, the other does not. The one that does not, the cover for the turbo was not there and water got inside. Stored outside.
