

Pair CAT C18 Marine Engines - Non-Acert - 1015hp

PRODUCT DESCRIPTION

3000 hours since overhaul by CAT.

Serial Prefix - CKH

Were in a sportfisher that repowered with 1150hp C18s end of year tax reasons last year. CAT did all the services since new.

They were partially disassembled by CAT so owner could powdercoat as many parts as possible then epoxy paint the engines.

The powder coat is done on all the parts as you can see wrapped parts in box. Reassembled with new seals.

Engines not painted yet but we can do that quickly if needed.
