## Pair Cummins 903 VTA Marine Engines - 450hp - One Runner and One Parts

---

### PRODUCT DESCRIPTION

Model - VTA903 M

Cummins

Built 1987

CPL - 0533

Vessel came down under its power. Owner had a video of them running before he pulled them. He is trying to find it.

One of the engines turned out to have milky oil while the other seemed solid.

He bought them to have spare parts for his boat. So the milky one is his donor the other is a drop-in spare. He doesn't have any way to run it at his place.

Attached are the specs from the engine plate.
