

Pair Cummins QSB 5.9s w 480HP

PRODUCT DESCRIPTION

Both are 2014 Cummins Recon engines, but not a set. 1st engine has 966 hours 2nd engine has 2,833 hours One engine has panel and harness. A 2nd panel/harness can be provided with cost. Currently 24V, can be converted for cost. Came out of government vessel, ran on jet drives, which would be a lower load factor by nature.
