## Pair Cummins QSC500 Marine Engines - Less than 600 hours from New

---

### PRODUCT DESCRIPTION

Pair QSC Marine Engines. Year 2005 500HP @ 2600RPM (currently) Can be turned up to 540HP with ECM program. Approximately 570 hours from New. Mechanic ran and checked ECMs. Everything in order. Need to be cleaned and painted. Removed from a boat that was next to a boat that caught fire and burned the top side of this one. No water damage. When fire next to this boat got going, smoke got into the boat via a window. Some soot staining on the engines, but no bubbling or heat discoloration to these engines. No burned wires or harnesses. Shop is pressure washing them and then will put fresh coat of paint on them.

**Categories:** [Marine Engines](#)

**Cooling Method** Heat Exchanger

**Engine Model** QSC500
