## Pair MAN D2863 LE 463 Marine Propulsion Engines

---

### PRODUCT DESCRIPTION

Each rated at 1,400 horsepower for work or 1,650 horsepower for pleasure

They have 6,000 hours on them. One of them was completely overhauled at 3,000 hours and is in working order. The other one has a broken sleeve, and the engine needs to be overhauled. The owner can overhaul as part of the purchase agreement, or they can be sold as-is.

Located in Europe
