Pair MAN D2876 LE405 Marine Propulsion Engines

PRODUCT DESCRIPTION

2005 zero-hour surplus

Original paint

Never been started - no fluids have been put in them. They come with an original tag that says “engine without oil”. Engines are complete and ready to be installed.

Purchased a couple of years back with the intent to resell.

The serial number was ran with MAN and they report they were manufactured in 2005 and at that time the EPA had not enacted any Tier emissions ratings. The engines were sold in Spain.

Located overseas and stored indoors.
