Pair Northern Lights Marine Generators 55KW

PRODUCT DESCRIPTION

55KW with John Deere 4045 turbocharged engines. 120/208 3-phase 12-lead. The sound shield enclosures are included. They had 20,000 hours when we removed them. They're in good shape overall. One of the electrical ends was done about 5,000 hours ago. One has a new injection pump.
