## Pair of rebuildable 8V92s

---

### PRODUCT DESCRIPTION

Port # is 8VF113529

Stb # is 8VF113527

Came out of a boat around 9 months ago.

Represented as One good rto and one rebuildable unit.

Both complete.

Owner said on the starboard engine: had ran the boat out and coming back it started losing power.. mechanic said he thinks it cracked a liner.. no major issues found beyond that.. when they got in they did find a little water in the engine, drained it and filled it back up and then started looking at either rebuilding or buying new power and decided to do a full repower.  
price is for the pair
