

Pair QSB 380s

PRODUCT DESCRIPTION

Removed from navy patrol boats Cleaned up and ran to make sure all is working good. Would always advise cleaning heat exchangers, aftercoolers, change oil and filters etc. NEW harnesses, starter, alternator, sims module and 12v lift pumps. This is at 12v upfit - also have panels. Single station. Data plates are vinyl and poor condition so we wrote all info from the ECM on tape. They both are in nice condition as you will see. Engines come with front mounts no rear mounts. 1500 hrs is a 2004. 800 Hrs is a 2005. Price is per engine. \$35K for the pair.
