

Single Caterpillar 3512C HD 1365KW Tier 2 Diesel Generator Set

PRODUCT DESCRIPTION

3512C HD Diesel Genset
346V/600V
Autostart and Safety Shutdowns
100 hours Since New
60 Hz
Three Phase

This engine was a pump engine and converted from a variable speed to constant using parameters set by CAT so it could be made into a genset. A low hour CAT 3512C Tier 2 engine and new surplus Kato 6P6-3300 double bearing closed coupled generator end. Engine came out of a pump station, which had annual maintenance done by CAT. No failures. Paired the engine with a power unit they wanted to get sold. Engine was purchased approximately 3 years ago, at which time the ECMs were replaced. Stored under a shed. 30-day service warranty. Will be load tested prior to shipping.
