## Single Mitsubishi S6A3-MPTK Marine Engine 543HP

---

### PRODUCT DESCRIPTION

A water fitting came off the front and damaged the front cylinder.

The previous year the fuel pump was done and a new turbo.

Apart from the above two items the engine was completely rebuilt including... Rings, liners, heads, bearings, front and rear seals, injectors, water pump etc. etc.

It has only been test run since the rebuild.

Rated 543 HP @ 1840 RPM
