

Single/Pair 08 QSM11 w 405HP - surplus

PRODUCT DESCRIPTION

4 unused, zero-hour 2008 Cummins QSM11 propulsion engines rated at 405hp at 2100rpm. We originally intended for crew boat repower project that got cancelled. Gears included are Twin Disc MG5114A in 2.04:1 ratio. Engines have been properly stored and rotated several times a year. All four engines have wiring harnesses, but only one pair has VDO pilot house gauge panels. Not for import into the US.
