

Three Detroit Diesel 12v71 TI Marine Engines - RTOs

PRODUCT DESCRIPTION

About to be removed from Crewboat

2 engines are RH rotation & 1 is LH rotation. These are running takeouts as we are still using her right up until removal.

N70 Injectors

2100 rpm

Raw Water Cooled

I will have oil sample reports for all 3 mains taken shortly before removal.

The hr meters were at 4,256 when vessel was purchased by previous owner. New Owner replaced the hr meters at that time & currently have 3,000hrs on them.

They did a complete top end on the Stbd main back in August of last year to the tune of \$37,000
