

Yanmar 6BY2 260 Marine Engine

PRODUCT DESCRIPTION

REBUILT Unit

260hp

Used all Yanmar parts in rebuild, except for the pistons, which is no longer available.

New pistons, new bearings, new rings, new injector seals, head redone.

Photos are from the last engine that was rebuilt. Rebuild is currently in process.

This is a hard to find engine and if you are looking for one, this is a great option.
