

Single ZF 550 Marine Gear 1.743:1 Ratio

PRODUCT DESCRIPTION

New condition.

Is attached to a v12 Isotta Fraschini engine which was military surplus allegedly.

Owner bought the engine and gear complete and will not be using the 550. Ran the engine on the stand, with proper amount of 30w in the gear, operated fine as expected. It has silver paint on it, same as the engine, believed they were painted together at the factory. Stored in climate controlled facility.
